Through his regular participation in our in-house training, he has expanded his skills with great success.

His ability to familiarise himself quickly enabled him to understand complex situations immediately and to recognise key aspects. Mr Barut always worked using his own initiative and fully identified with his responsibilities and our company at all times. He displayed a high level of dedication and motivation. Mr Barut always possessed an excellent willingness to learn. He always demonstrated resilience even in highly stressful situations.

He completed his tasks completely independently, extremely carefully and according to a well thought-out plan. He worked calmly, thoughtfully, in a target-oriented manner and extremely precisely at all times. He continuously impressed us both in terms of quality and quantity. Mr Barut was always very reliable.

Already after a short period of familiarisation, he was able to find good solutions, even for difficult problems, and always achieved impeccable work results. Mr Barut successfully passed the bachelor's thesis. We were always very satisfied with the performance of Mr Barut.

He was respected by everyone for his consistently friendly and well-balanced demeanour. He was always helpful, courteous, and if necessary, he put the interests of others before his own. His personal conduct towards his line managers, colleagues and clients was always exemplary and loyal.
